##### Rent-A-Youth

We will invite the congregation to sign up to "rent a youth" for any "reasonable" job and at a time that suited them. Youth should be hired at \$5 to \$10 per hour depending on the job and funds will be paid directly to the youth leader. Youth will be matched to jobs, parents will be asked to drive them to the work site, and those hiring will be asked to drive the youth home when the job was done. If a job last for several hours, the young people should bring their own drinks and snacks; hirers will be asked to provide any equipment needed. Jobs included babysitting, lawn mowing, all kinds of yard work, window cleaning, gutter cleaning, filing, painting, dog walking, and so on. The program will last for eight weeks, and work will be done after school and on the weekends.
